PRESS RELEASE

For Immediate Release

PRESS RELEASE ON THE TEMPORARY SUSPENSION OF ACADEMIC AND PROFESSIONAL INTERNSHIPS AT FAGACE

The African Guarantee and Economic Cooperation Fund (FAGACE) hereby informs the public, academic institutions, students, and young graduates that, due to an ongoing restructuring of its workforce and the forthcoming onboarding of a significant cohort of young professionals, the internship recruitment program is temporarily suspended.

This measure aims to preserve the quality of professional learning experience within our technical departments. Consequently, FAGACE will not be able to consider new internship requests in the coming months.

Accordingly:

- The submission of new internship applications is suspended as of today.
- Applications currently under review will be placed on hold until the internship program is reopened.

FAGACE will communicate, through its usual official channels, the date for the resumption of internship admissions.

FAGACE reaffirms its unwavering commitment to promoting the employability of young African talent and thanks its partners for their continued understanding and support.
